Dear Author / Researcher,

Ved International Journal of Engineering and Technology (VIJET) invites high-quality, original research papers for publication in its **inaugural issue (2026)**.

This is an exciting opportunity to be part of the **first-ever issue** of a journal dedicated to advancing **engineering and technological** innovation. We warmly welcome researchers, academicians, and industry professionals to contribute and showcase their work to a global audience.

Important Information

- **Frequency:** Quarterly (4 Issues per Year)
- **Language:** English
- **Category:** Double-Blind Peer-Reviewed, Open Access Multidisciplinary Engineering and Technology Journal
- **Start Year:** 2026
- **DOI:** Assignment will be initiated after the publication of the inaugural issue.

Note: The journal is **newly launched and not yet indexed** in Scopus, Web of Science, Pub Med, or UGC CARE. Authors are advised to submit only if comfortable publishing in a new, non-indexed journal.

Aims & Scope

VIJET invites papers of **all types in all aspects of engineering and technology.**
The journal welcomes:

- Original research articles
- Review papers
- Case studies
- Technical notes

Papers of all relevant types within the journal's subject area are invited.

Submission & Deadline

- **Last Date for Submission:** 28th of Feb
- **Submission Links:**
  - Online Submission Form: **Click here for Submition link**
  - Email Submission: info.vedacademicpress@gmail.com
  - Call for Paper PDF: PDF

Why Contribute?

This is your chance to **share your research with the global engineering community**, gain visibility, and be part of a **new and promising journal.**

We encourage you to **share this announcement with colleagues, collaborators, and students** who may be interested. Your support helps build a strong academic and professional community around VIJET.

Warm regards,
Editorial Office
Ved International Journal of Engineering and Technology (VIJET)
